BOTH SIDES LOST

IN FIGHTING AT TAMPICO

Many Killed and Wounded and Buildings Destroyed

MAYO CONFERS WITH VICTORS

Washington, May 14.—American warships under command of Rear Admiral Mayo again entered the Panuco River today and went up to the fallen city of Tampico. Since the evacuation of the place by the Mexican Federalists under Gen. Zaragoza yesterday, the Constitutionalists under Gen. Pablo Gonzalez have been in control of Tampico. This control has existed since 4 o'clock yesterday afternoon.

The last thing the retreating Federalists did was to blow up their barracks at noon yesterday. The purpose of this was to deprive the invading Constitutionalists of the arms and ammunition stored there and hold back the victors until men of the Federal army could be placed on a military train for San Luis Potosi under cover of the guns of the Mexican gunboats in the river.

Before entering the Panuco River today with the dispatch boat Dolphin and the cruiser Des Moines, Admiral Mayo had a conference with the Captains of the two small Mexican gunboats, the Bravo and the Zaragoza, which were forced to descend the river after the Constitutionalists captured the city yesterday. After conferring with the Federal officers Admiral Mayo decided to proceed up the river to Tampico.

It was his purpose on arriving at Tampico to confer with Gen. Gonzalez and ascertain the purposes of the Constitutionalists respecting the holding of Tampico, the restoration of law and order, and the protection of the oil properties, and to confer aid to the wounded of both sides in the battle of Tampico. Messages from Admiral Mayo indicated that the casualties in the battle were very heavy both in killed and wounded, and that great damage was done to the buildings of the city by the artillery fire of the combatants.

INSTRUCTIONS TO HUERTA ENVOYS ARE COMPLETE

Given Amp'le Power to Act at Conference

NOW ON AMERICAN SOIL

Ready to Hear Proposals for Settlement and Act as Conciliators

Washington, May 14.—Gen. Huerta's delegates to the Niagara Falls peace conference, Senor Emilio R. Gonzalez, Senor Augustin Rodriguez and Senor Luis Elguero, arrived here on board the steamboat Miami from Havana at 7:30 o'clock this evening.

The delegates at first refused to make any statement. Finally Senor Rodriguez, when told that a report had been cable that they intended to resign as soon as they arrived in Havana or the United States, said:

"The only way I can account for such an impression is that we are not politicians. We live completely apart from all political strife, and it was for that reason that Provisional President Huerta confided to us this highly patriotic mission which we have accepted solely to save our patriotic honor."

"The fact that we are not politicians apparently has made some persons believe that we would abandon our mission as soon as we arrived at Havana, but such impressions are absolutely without foundation."

Asked if they would accept the elimination of Gen. Huerta, he replied:

"We carry ample instructions, and with the powers given to us we will try to save our country's honor. We carry no certain set rule to follow, but are only going to hear what is proposed to us and then do what our consciences and our patriotic sentiments dictate."

"We go with the intention of only settling the foreign conflict, and in no manner intend touching upon the interior one. It is only in the exterior problem any way in which the A. B. C. mediators have intervened. We will not treat with representatives of the revolution, because Carranza himself has already said he would not accept any mediation."

Senor Rodriguez, who is a lawyer of Mexico City, 70 years old, continued:

"All three of us are simply lawyers. Senor Rabasa, President of the delegation, was once a Senator, but otherwise none of us has held public office. I considered it my duty to come here for my country. We will just listen at the conference for a while."

"Can you say what stand you and your colleagues will take if the United States should make any concessions?" Senor Rodriguez was asked.

"That," he answered, "will depend entirely on circumstances." And there was no boding him.

Senor Rabasa and Senor Elguero were far less communicative.

"Nothing to say," they vouchsafed in unison when questioned. "Our actions will all depend on what happens," added Senor Rabasa.
